

Cabot Fundraising Coordinators: Q&A

Q. Who is allowed to participate in the Cabot fundraiser program?

A. Any non-profit or civic and charitable organizations, school programs or sporting and club events.

Q. How do I get started with a Cabot fundraiser?

A. Go to the top menu on www.cabotcheese.coop and click on Healthy Schools & Groups. Click on Health Fundraising. Sign up to download everything you need and then you'll be all set to run your Cabot Fundraising Program.

Q. How do I order the cheese from Cabot? Is there a minimum order?

A. No, just case lots. Always remember you will be selling the cheese in units but ordering them in cases. If the case count is 12 and you sell 13 units (for example 13 cheddar shakes), you would need to order 2 cases of 12.

Q. What is the turn around time from when I place the order until it ships? Are late or supplemental orders accepted?

A. If we have your order by Wednesday AM, we'll be able to ship it the following Monday. Yes, late orders will be accepted. We will send separate invoices for these orders.

Q. How do I make Payment?

A. We accept all major credit cards or we will send an invoice to your billing address when the order ships. Once you've collected your money for the orders, you'll send us a check or money order.

Q. How will I get my cheese order?

A. We'll ship the order via UPS ground or you may pick the cheese up at our warehouse in Williston, VT (directions will be sent via email per your request). If you provide us with an email address, an order confirmation and shipping confirmation will be emailed to you. These emails will list tracking numbers and estimated delivery time.
